Allen H. Palecek

Andrew T. Palecek

What began over 50 years ago as a vision to honor the intrinsic beauty of natural materials, has grown into a legacy of craftsmanship, innovation, and timeless style.

Each PALECEK piece tells a story—of rattan harvested by hand, of textures shaped by skilled artisans, and of finishes that reflect both heritage and modern sensibility. Our San Francisco Bay Area headquarters and manufacturing center enables us to offer the design community an impressive assortment of customization in finishes and made-to-order upholstery.

As a second-generation, family-owned company, we remain committed to ethical practices and environmental stewardship. Under the creative leadership of Andrew T. Palecek, our brand continues to build meaningful relationships across the design community, offering products that innovate, influence, and inspire.

At PALECEK, we believe that beautifully curated spaces do more than elevate design—they connect us to tradition, to nature, and to the elegance of craftsmanship. PALECEK is a trusted partner in creating unexpected and unforgettable environments that speak with soul and stand the test of time.

We hope you enjoy the 2026 catalog, and invite you to visit one of our eight PALECEK showrooms to experience the collection in person.

HOSPITALITY

PALECEK HOSPITALITY collections represent our passion for the timeless beauty of natural materials with designs that incorporates high durability while bridging the space between a traditional and modern aesthetic. Our customers choose Palecek Hospitality for our reputation, expertise, and unwavering commitment to bringing their projects to life.

Palecek Hospitality understands the unique demands and opportunities of the hospitality and design industry. Regardless of the scale of your project, our experienced team will translate your vision, step by step, into a high-design, handcrafted reality.

Our 250,000-square-foot facility, adjacent to our Northern California headquarters, houses more than 1,600 pieces—meaning we can meet tight deadlines for customization and delivery. Our overseas office, sophisticated tracking system, and expert customer support team allow us to build relationships with our customers that are personal and responsive.

Palecek Hospitality can modify current designs or create custom designs to fit your vision and budget. Every Palecek piece is designed with form and function in mind, so they stand up to the rigorous demands of hospitality use without compromising on style.

At PALECEK, collaborating on personalized, individual pieces with customers is a core aspect of our business. We're honored to work with a loyal network of talented artisans and tradespeople who bring our ideas and designs to life. While many PALECEK pieces are purchased and enjoyed just as we designed them, others serve as the inspiration for custom furniture and accessories. We offer a myriad of opportunities for you, our customers, to modify and finish pieces to your own particular specifications and needs. From custom PALECEK finish options like distinctive nailheads, and limitless upholstery choices, our furniture becomes your furniture in just a few simple steps. For custom pieces, minimum quantities may be required.

PERFORMANCE RATING

CONTRACT

High Performance designed for residential or commercial use, generally over 50K double rubs. Content is highly durable and is often treated with protective finish or has inherent stain resistant properties in the fabric content.

PERFORMANCE

Generally over 30K double rubs. Content is highly durable and is often treated with protective finish or has inherent stain resistant properties in the fabric content.

DURABLE

Designed for residential use, generally has higher double rub count. Content may need more care, such as linen that does not have inherent stain resistance.

DECORATIVE USE

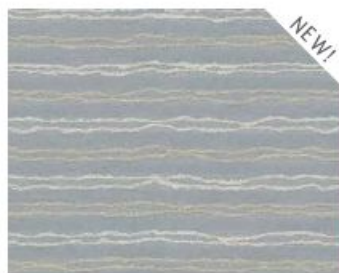

Designed for residential decorative use, generally has lower double rub count though the fabric may be used for light upholstery use. Content may need more care, such as linen that does not have inherent stain resistance. Use for outer upholstery and pillows, not for seating surface.

LIGHTFASTNESS

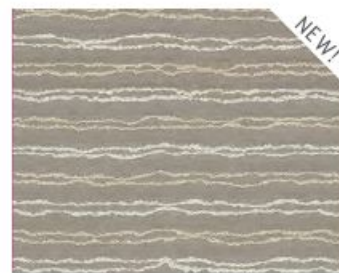

Indoor Outdoor fabric fade resistance classification 1-5, where 5 has little if any fading over time, 4 may show minimal fading after 1200 hours.

WESLEY MIRROR
NO. 1504-79, PG. 488

WALL DECOR

A still life photograph featuring three onyx vessels. On the left, a pedestal bowl with a wide, flared rim and a textured, veined body sits on a white fabric-covered stand. To its right, a shallow, wide-mouthed bowl with a similar veined pattern rests on a white fabric-covered surface. The background is a light, textured wall, and the entire scene is draped with white fabric, creating soft folds and shadows. The text "BOWLS & TRAYS" is centered in the upper half of the image.
